

IN SUPPORT OF
SickKids

On **Wednesday, June 25th**, we invite you to join us for the fourth annual **Investors Group Golf Tournament** in support of Ashley's Angels Fund at SickKids Hospital. Guests will include several of Barrie's business leaders and young professionals all gathering together to raise awareness and funds in support of transplant research. The day will feature VIP treatment with an exclusive golfing experience at National Pines Golf Club. This is one of the most sought-after golf tournaments in Barrie.

Meet Ashley

Ashley was a very healthy two year old when she suddenly became yellow (jaundiced). She was brought to SickKids and, after a number of tests, Ashley was diagnosed with Pediatric Acute Liver Failure (PALF), a rare and frequently fatal diagnosis in children. As Ashley's condition deteriorated rapidly in front of her parents eyes, they became so aware of how long wait times are for available (and appropriate) donor organs in Canada. Fortunately, liver transplantation with a living related donor organ is an option in Toronto, and Ashley's Aunt was determined to donate a portion of her liver for Ashley to undergo life-saving liver transplant. Because of this precious gift, Ashley is now a thriving six-year-old girl who amazes everyone she meets each and every day.

Ashley's Angels Fund was established in 2009 after Ashley Logan's liver transplant at SickKids. Our mission is two-fold:

1. Raise funds in support of research, education and innovation targeted at enhancing both the quantity and quality of life years restored by transplantation; and
2. Raise awareness for organ and tissue donation.
